

**EXECUTIVE SUMMARY OF,
EKAM FOUNDATION
KARNATAKA
FEBRUARY-2018**

HIGHLIGHTS

DIRECT MEDICAL SUPPORT-

In February, B/o Deepika, underwent treatment for **severe dehydration** at NICU, Rangadore Hospital.

HOSPITAL VISIT-

- We visited **Rangadore Hospital** and met the PRO., Mrs. Padma.
- The 8 days old B/o Deepika, who was suffering from severe dehydration, was admitted in the NICU. We met the baby's doctor, Dr. Janaki who was confident about the baby's complete recovery. We also talked to the anxious parents and reassured them about their child's rapidly improving health.

FIELD VISIT-

- Under the scheme **VISION 1K**, **200 cataract surgeries** have been successfully completed till now.
- **Eye camps** were conducted in Leggere, Rajaji Nagar, Basaveshwar Nagar, Vijayapura, Nela-mangala, Malleshwaram, and Mahalakshmi Layout. These were well attended by the rural crowd.
- The camps function under the efficient team of **Sharda Eye Hospital**. Mr. Arun Bhide and optometrists Girish and Mahadev were the backbone of these camps.

SPECIAL CASE REPORT-

NTT Vendor Staff's Husband's Case:

NTT vendor staff, Valliamma, earning just Rs.8000 per month, has two school going daughters. Her husband, Bhashkar Reddy, had a paralytic stroke more than a year back and is suffering from severe axonal neuropathy with no scope for recovery. Every morning before going to work, she completes her household chores, attends to him and exercises him religiously, firmly believing that he would walk soon. Recently doctors at Rangadore Hospital saw a ray of hope and advised him to undergo physiotherapy for around a year. Ekam prays and wishes full recovery of Mr. Reddy.
