Phase -2, Medical Equipment and Installation

SUCCESS STORY:

B/O JYOTHI JAIN:-

A male baby was born to Jyothi Jain in Rangadore Hospital on 2nd July 2018. The baby was diagnosed with Late Preterm/SGA/IVGR/Abn Doppler/LS-PDA, and was referred to NICU on 5th July. The baby's father is a medical representative and earning a meagre 20K per month. Unable to meet the huge treatment expense, he approached Ekam for support. We are pleased to inform that with Ekam's timely financial aid, the baby got the required treatment at NICU and was finally discharged on 28th July 2018.
